

Signature is known for its quality, its creativity, and its beautiful outdoor spaces. Now it is going to be known for something even more.....

Signature Landscape/ Signature Outdoor Concepts has had many 'updates' recently, and we wanted to let you, our valued clients, know what new, exciting things we now have to offer!

In the past eight years, Signature has expanded from a Landscape design/build firm to what it is today. We are now able to offer our clients the most up-to-date project trends, from the initial design concept to the finishing touches of furniture and container choices.

The greatest development we are excited to announce to you is the newest addition to our company: *Signature Waterscapes!*

For years, Signature has been on the cutting edge of custom pool and custom spa design. In the summer of 2007, we took the final steps to bring the actual pool & spa construction in-house. Several pools have already been installed this year under the Signature umbrella, and with much success. This addition now allows us to give our clients the best options for their entire living space.

We are pleased to now be able to offer our clients complete implementation of their unique pool project under the Signature name.

- Continued -

Signature has also become one the area's premier builders of Outdoor Kitchens and Built-in Barbeques. Using award winning Napoleon grills, we have designed and built many unique units, complete with grills, sinks, refrigerators, ice makers, and even smokers. Outdoor kitchens are durable, 'chef friendly,' and become a showpiece-whether using it for backyard entertaining or just dinner with the family.

What better way to enjoy a meal with your family and friends than around a delicious smelling barbeque with everything you need at your fingertips?

In addition to the creation of Signature Waterscapes and our expertise with custom outdoor kitchens, we are also excited to offer our clients several new outdoor furniture lines. Companies such as Lane Venture, Summer Classics and Gloster round out a large list of high-quality fantastically designed and constructed furniture lines. Completing our selection of accessories is our Campania container collection, which offers hundreds of beautiful container choices.

** As an extra bonus, we are pleased to extend to our current and past clients 15% off the retail price as a 'thank you' for helping make Signature what it is today. **

We hope you have thoroughly enjoyed your living space created by Signature, and trust that you will think of us when you are looking to expand your outdoor living area. Also, if you haven't done so recently, please take a moment to visit our website. Recently updated, it offers pictures of several of our more recent projects and also has a vast selection of product links and information.

Best Regards,

Jason Haywood
